

## **Burney Physical Therapy – Lead Physical Therapist/Staff Physical Therapist**

Western Physical Therapy is looking for a lead physical therapist for Burney Physical Therapy in Burney, California. This position requires a PT with a strong orthopedic background and leadership skills as well as experience with a variety of orthopedic conditions including pre and post-surgical, chronic pain, and lower-level neurological conditions. Aquatic rehabilitation will be developed within this setting. Base salary is \$108,000 per year and additionally there is a profit share program for which one should expect the profit share to range between \$30,000 and \$50,000 or more per year after the first year of employment. Compensation will also include paid time off, medical insurance benefits, continuing education, APTA dues, licensure, and a \$10,000 sign on bonus for a two year commitment.

We are also looking for a staff physical therapist with a strong desire to be the best orthopedic physical therapist possible. We offer advanced training through Folsom's long-term program as well as the benefits described above. Starting salary for this position is \$92,000 per year.

Burney is located 50 miles east of Redding California, in a beautiful mountainous area, close to Mt. Lassen, Mt. Shasta, Burney Falls, Shasta Lake, and endless outdoor activities, and is a great place to raise a family.

Western Physical Therapy is proud to be a 100% physical therapist owned company with clinics located throughout Northern California emphasizing quality care with the highest standards in under-served areas.
